IF IT IS THE WISH OF THE COUNCIL TO SUPPORT RECOMMENDATIONS CONTAINED IN THIS REPORT, THE FOLLOWING MOTION IS SUGGESTED:

“I move to award the bid for the Southside Detention Basin Project to Beyers Construction in the amount of \$599,988.91.”

SUMMARY OF THE TOPIC FOR WHICH A COUNCIL DECISION IS REQUESTED:

There are 2 bid alternates to choose from. The 1st alternate is for a cast-in-place concrete spillway on the north berm. The 2nd alternate is for a portion of that spillway to be constructed from prefabricated block mats.

Bid Alternate #1	\$593,961.04
Bid Alternate #2	\$599,988.91

I recommend that we accept Bid Alternate #2 because of the relatively small difference in cost (1%). I believe that the articulated block spillways will provide less of an "attractive nuisance". The mats are designed to allow grass to grow in and around the blocks. The soil and grass will be less friendly for skateboarding and graffiti.

The style of prefabricated block mats can be viewed at www.shorettec.com, click on Shoreblock SD Series and/or the photos at the bottom of the page.

This project was budgeted in the Capital Improvement Fund (130-5328-730).
