# **Safe Routes To School Plan for Mattoon High School**

## **Phase 1**

**Project will be from Marshall Ave to the Mattoon High School and on Walnut Ave from 27<sup>th</sup> street to 29<sup>th</sup> street will consist of removing and replacing sidewalks that are in poor condition to meet ADA requirements. Some driveway approaches along the route will need to be removed and replaced to meet up with sidewalk ADA requirements. All crossings at each intersection will also be replaced to meet ADA requirements. Radar speed limit signs will be added, and all school crossing signs will be replaced.**

## **Phase 2**

**Project will be on Walnut Ave from 29<sup>th</sup> street to 33<sup>rd</sup> street. This will consist of removing and replacing sidewalks in poor condition to meet ADA requirements. Some driveway approaches along the route will need to be removed and replaced to meet up with sidewalk ADA requirements. All crossings at each intersection will also be replaced to meet ADA requirements.**

## **Phase 3**

**Project will be from Marion Ave to Essex Ave on 27<sup>th</sup> street. This will consist of removing and replacing sidewalks in poor condition to meet ADA requirements. Some driveway approaches along the route will need to be removed and replaced to meet up with sidewalk ADA requirements. All crossings at each intersection will also be replaced to meet ADA requirements.**
